

Manly Yacht Club

Position Vacant

Position: *Sailing Instructor (Part Time)*

Introduction:

Manly Yacht Club is looking for a qualified sailing instructor to help revitalise its junior program.

The club's junior division has up till recently been run by volunteer parents and caters for beginners to intermediate sailors between 8 and 15 years of age. The new paid part time instructor position would involve regular Saturday morning on water training sessions as well as other co-ordination and fleet maintenance duties.

It would probably best suit an enthusiastic young instructor who lives in the area and is looking to take charge of their own sail training program and develop their skill base.

The position will be supported by volunteers with sailing experience. It's hoped to begin training around mid February 2010 till May in preparation for a full summer season starting around September.
